

Guide for the manuscripts (Main title: Times New Roman 14pt)
The case of MS-Word (Subtitle: Times New Roman 12pt)

Taro DENNETSU¹ (Authors: Times New Roman 12pt, Mark “” at the head of speaker’s name)

¹ Dept. of Mech. Eng., Dennetsu Univ., 5-1-5, Kashiwanoha, Kashiwa, 277-8563(Affiliations: Times New Roman 10pt)

Abstract of approximate 100 words is written by Times New Roman 10pt. Five blank characters are inserted as the indent.
.....
.....

Key Words: Heat Transfer, Boiling, Two-phase flow, Forced convection, Natural convection

1. Headline

1.1 Subheading A line break is needed after a chapter headline, while the main text follows without a line break after a subheading.

1.2 Manuscript The manuscript is provided only with an electronic manuscript. The manuscript needs 2 to 6 pages of A4 size, and color can be used. The file size is limited to 2MB at the maximum, and animations cannot be included.

1.3 Title part The title part is composed of a title, a subtitle, author names, affiliation institutions, locations, abstract and keywords in order, lay out so that it fits within the width of 140 mm. If there are multiple authors, please mark * in front of the speaker and distinguish the affiliation institution and address with superscripted numbers.

1.4 Body part Following the title part, please prepare the body as a guide with a single column of 10 point Times New Roman, 46 lines per one page. Color display is possible.

2. Equations, Tables and Figures

2.1 Equations As the following equation (1), typical formula style is applied, and equation numbers are attached to the right end by inserting tabs. Blank lines are inserted between body and equations.

$$f = ma \tag{1}$$

2.2 Tables As the following Table 1, captions and symbols are written in English. Full-paint and hatching are undesirable.

Table 1 Sample table.

A	a	1
B	b	2
C	c	3
D	d	4

2.3 Figures As the following Fig. 1, captions and symbols are written in English. Color can be used.

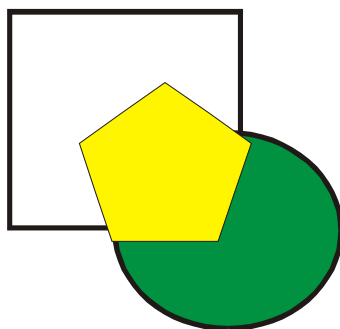

Fig.1 Sample figure.

3. References

References are indicated by numbers with brackets on upper right of quoted parts in the text, and are listed below at the end of the text. A sample is shown in the end part of this template.

4. Submission

4.1 PDF format Please select "Embed font" at PDF file creation. Be sure to confirm that there are no garbled characters on a manuscript using multiple devices before submitting the manuscript.

4.2 Submission A manuscript is submitted from the website of the symposium. Please access the manuscript contribution site and upload the manuscript.
